

Movie Night Puzzle

Solution:

1. **Jacob** didn't watch the action movie this time, so he must have watched the **horror** movie.
2. Since **Jacob** watched the horror movie and was sitting next to **Sophia**, **Sophia** didn't watch horror. She also didn't watch the romantic movie (from clue 5), so **Sophia** watched the **comedy** movie.
3. **Oliver** didn't watch the comedy movie, and **Jacob** watched horror, so **Oliver** must have watched the **romantic** movie.
4. **Emma** didn't watch the action or romantic movie, so **Emma** must have watched the **comedy** movie.
5. **That leaves Jacob with the horror movie**, and since **Jacob** loves action, but didn't watch it, **Oliver** watched the action film.
